Situation update:

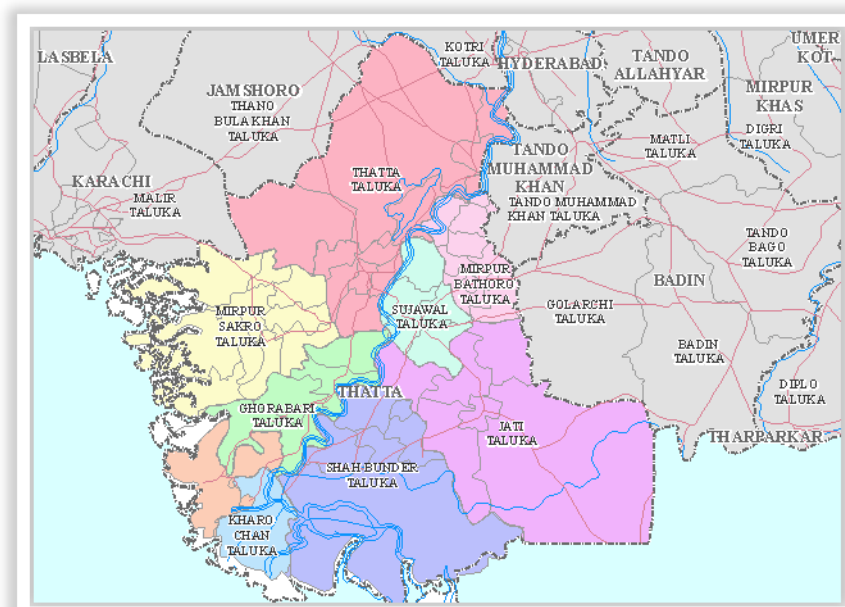

- Village profiling completed in Jati and Sajawal Talukas.
- 2% of returnees remain in tented villages/spontaneous settlements including 2660 people in Jati.
- Returnees need assistance and guidance in shelter and CR sectors
- Most of Taluka Jati & Sajawal covered by humanitarian partners, Talukas Shah Bundar, Karochan, Ketu Bandar & Ghorabari are being neglected. In these Talukas ,UCs Chouhar Jamali & Goongani, Qadar Dino Shah are in need of PHC; Ladyoon & Daultpur needs Nutrition coverage.
- 281,580 acres of standing crops has been damaged
- Agriculture inputs for Kharif season, technical guidance in restoration of water channels required
- Food for Work activities have started in March while Food distribution phases have been completed by WFP except the 38 tented village population and 2660 IDP families.
- Schools are in need of immediate restoration

Key Humanitarian Challenges:

- Transition from cluster coordination to new Early Recovery Working groups after 31 March 2011
- No consolidated contingency plan for the coming monsoon season
- No operational guidelines on agriculture inputs
- No Technical shelter reconstruction
- Increased security threats and robbery incidents in the district with I/NGOs staff
- Agreement on shelter targeting strategies of direct housing support and self recovery support to build back better with limited funds
